

## Purpose Built Training Facilities

Skills4U offer training facilities of the highest standard in realistic working environments transferring your learning to Community based projects.

The centre is divided into three main areas, Construction, Environmental and Education. We are also developing new departments in Hair & Beauty, Basic Car maintenance and Cookery/Catering.

Training/ support is offered to meet the needs of all clients. Experienced staff will guide and support young people aged 13- 18 and adults throughout every stage of their training programme.

# We will help you discover your skills and hidden talents

## We will help you discover your skills and hidden talents

**Skills4U** will help you gain the very best foundations for life and work. We provide opportunities where you can broaden your knowledge, increase your social skills and gain experience in key vocational areas.

We have the expertise within our organisation to support you in finding the career path that's right for you. We can help you improve your current skills or re-skill, to increase your job and career prospects in areas where people are being employed.

Skills4U will also help you to engage in work experience to prepare you for employment in an area of your choice and gain qualifications from Entry level to Level 2.

We also offer additional training and education support through optional courses in independent living skills, to help clients with learning difficulties/disabilities make more informed choices and live independently.

We provide a wide range of courses that are specially designed for both young people and adults. All of the relevant safety checks and procedures are in place and adhered to for each of our client groups.

### A Career in the Construction Industry:

The construction sector is vital in contributing to the national economy and providing the essential infrastructure to support other sectors.

Ensure you're in the correct line of training by experiencing tasters in a number of Construction areas. Gain the qualifications needed to support your development towards a fully trained crafts person.

- Bricklaying
- Plastering
- Rendering
- Block Paving
- Tiling
- Joinery
- Basic plumbing

*Engage in training with **Skills4U** to secure a seamless transition to further training, college or employment.*

### Environment & Grounds Maintenance:

A fantastic opportunity to experience indoor and outdoor training. Understanding the process of plantation, growth and reproduction. Connect and recognize the environment in order to sustain areas of growth and produce.

- Lawn Maintenance
- Cutting Bushes, Shrubs and Hedges
- Bedding Plant Selection
- Seeding & Irrigation
- Ground Maintenance
- Recycling & Compost forming

*Environmental and sustainability are areas of growth, training in this area ensures you have the knowledge, understanding and awareness of change in the environment.*

### Formal & Informal Education:

The more experience you've gained, the more chance you have of getting to where you want to be. That's why we provide as many opportunities as possible to help you broaden your knowledge.

- Adult Literacy/Numeracy/ICT
- Functional Skills
- Independent Living Skills
- Employability & Enterprise Skills
- Business Administration
- Team work & Leadership
- Confidence & Motivation
- Childcare
- Hair & Beauty
- Catering

*Personal, social, educational and vocational skills are all equally important, the combination of each of these provide you with solid foundations which help to become more employable and enable you to develop as a person.*
